Interact 1-2-1 with stalwarts for all your day to day problem Troubleshooting' in scanning Differentiating artifacts from pathologies. 	<p>Hands-On Practice Needing</p> <p>Joints</p> <ul style="list-style-type: none"> Shoulder Elbow Wrist Hip Knee Ankle <p>Spine</p> <ul style="list-style-type: none"> Cervical Spine Lumbar Spine <p>Sympathetic</p> <ul style="list-style-type: none"> Coeliac Plexus Stellate Ganglion <p>Ganglion Impar</p>	<p>Master Faculty</p> <p>Extra time to practice under supervision of master Faculty</p>

For All Delegates

9:00 AM – 10:15 AM followed by Workshop

- PRP Preparation
- BMAC
- Adipose cell concentration

Basic Ultrasound Workshop

Region	Faculties	Scans
Shoulder	Dr Gurumoorthy Dr. Namrata Dabas	<ul style="list-style-type: none"> • AC joint • SASD Bursa • Rotator cuff interval • Supraspinatus tendon • Subscapularis tendon • Long Head Biceps tendon and sheath • Glenohumeral joint posterior approach • Posterior Labrum • Suprascapular nerve • Axillary nerve • Shoulder denervation Technique
Elbow	Dr. Surbhi P Bhagat Dr. Seetharaman	<ul style="list-style-type: none"> • Distal Bicipital tendon • Bicipital radial bursa • PIN entrapment • AIN • Median nerve entrapment elbow • Ulnar nerve entrapment at elbow • CET • CFT • Ulnar collateral ligament • Annular ligament • Olecranon bursa • Triceps tendinopathy • Medial elbow clicking • Posterior elbow clicking
Wrist	Dr. Ahmed Hejab Dr. Wiqar Ahmad	<ul style="list-style-type: none"> • Carpal tunnel anatomy • Median nerve • Guyon's canal • Pulley of finger • Proximal intersection syndrome • Distal intersection syndrome • De-quervain tenosynovitis • 1st carpo-metacarpal joint

		<ul style="list-style-type: none"> • Stener thumb
Cervical Spine	Dr. Rajendra Sahoo Dr. Sidharth Verma	<ul style="list-style-type: none"> • GON • LON • 3rd occipital • Facet joint • Median Branch • Extra-foraminal selective nerve block • Interscelene block • Superficial and deep cervical plexus
Lumbar Spine & Hip	Dr. Madhan Pandian Dr Khalid Alrawahi	<ul style="list-style-type: none"> • Caudal epidural • SI joint • Lumbar Facet joint and Median branch • Piriformis • Quadratus femoris • Pudendal nerve • LFCN • Genital branch of genitofemoral • Proximal IT band syndrome, • Trochantric bursa • Gluteal Medius-minimus tendinopathy • Iliopsoas bursa • Adductor tendon • Anterior recess approach for intra articular Hip
Knee	Dr. Vanmathy Dr. Sushpa Das	<ul style="list-style-type: none"> • Quadriceps tendon • Suprapatellar recess • Lateral recess • Patellar tendon • Hoffa's fat pad • Medial meniscus • MCL • Bursa Pes anserine • Lateral meniscus • LCL • ITB • Popliteal tendon • CPN

		<ul style="list-style-type: none"> • Semimembranosus tendinopathy • Biceps tendinopathy • Intra articular approach in Dry knee
Ankle	Dr. Mohamed Hamada Dr. Javed Khaja	<ul style="list-style-type: none"> • Anterior recess • ATFL • Posterior Calcaneofibular ligament • Peroneal tendinopathy • Achilles tendon • Flexor hallucis tenosynovitis • Knot of Henry • Planter fascia • Subtalar joint • Tarsal tunnel • Deltoid ligament
Sympathetic Block	Dr. Gurumoorthi Dr. Mayank Chansoria	<ul style="list-style-type: none"> • Stellate Ganglion • Coeliac Ganglion • Superior Hypogastric • Ganglion impar

Advanced Ultrasound Workshop

Joints Spine Soft Tissue & Nerves	Dr. Gautam Das Dr. Nitin Ketkar Dr. Harshita Surange	<ol style="list-style-type: none"> 1. Patient selection 2. Usg Mimickers of pathology 3. Drugs to be used - when where why 4. When not to intervene 5. Basics of post procedural rehabilitation 6. Special parts to be demonstrated on demand.
Practice Station	Dr. Satish Kumar	
Cadaver Station	Dr. Ravishankar Sharma Dr. Tushar Mannoli
